The Exeltech XP125-12 125W 12vdc Sine Wave Inverter is a 12vDC INPUT to 100vAC,120vAC, or 230vAC output. Configurable to operate just about any AC load anywhere. Ultra lightweight, yet ...

Suitable for any computer that requires less than 1500 watts continuous. Ultra quiet with no electrical interference. Pure sine wave exactly duplicates household current. Manufactured in ...

Suitable for any computer that requires less than 1500 watts ...

The Isolite E3MINI is a 125/250/375/550 VA mini-inverter. The inverter has field-selectable 120 or 277 VAC input/output with four independent outputs for the 125/250 VA models and five independent ...

Majorsine Utility Inverters feature the integrated utility bypass pure sine wave from a dc source. Majorsine Utility Inverters are designed and built for full reliability at any location.

Isolite E3MINI is a UL 924 listed mini inverter for emergency lighting. Pure sine wave output, 125-550 VA range, ideal for remote or small load fixtures.

Made in America, EXELTECH XP SERIES INVERTERS are the most affordable, reliable, lightweight, and best regulated true sine wave inverters available. The XP SERIES inverter will operate any AC ...

Transduction Model TR-1000VA-125VDC/120VAC sinewave inverter has been designed for maximum reliability and efficiency. It is a high quality product with the following features:

ExelTechs 125 watt pure sine wave power inverter has the ability to exceed power rating under proper conditions. Clean DC to AC power with safety features!

XP series inverters provide the cleanest, best regulated sine wave output over the widest DC input of any inverter on the market today. They are extremely low in total distortion; specified to 2%, and ...

# 125 Sine Wave Inverter

Exeltech XP-125-12 XP Series 125 Watt, 12V True Sine Wave Inverter for Off-Grid and Mobile Applications  
The XP-125-12 inverter by Exeltech provides true sine wave DC-to-AC power and ...
