-----

The 445 watt solar panel is one of the best-rated solar panels, with high-quality "A" grade solar cells and ultra-clear tempered glasses that are not easily broken. It can work effectively even in low light and ...

With a transparent dual glass design and the latest N-Type i-TOPCon technology, these panels ensure maximum energy yield and long life, even in challenging conditions. Advanced Technology: Thanks ...

Mechanical Specification Cell Type N-Type ABC AIKO-A450-MAH54Mb STC NOCT  
AIKO-A455-MAH54Mb

First of all, the panel delivers a maximum power of 445W with an efficiency of 22.5%. Moreover, the high-density interconnection technology ensures optimal performance even at high temperatures.

Specifications included in this datasheet are subject to change without notice.

Waaree Energies Ltd. is amongst the top Solar Energy Companies and has the country's largest Solar PV Module manufacturing capacity of 5 GW. In addition, it is committed to provide top notch EPC ...

Aiko Solar's AK-A-MAH54Db-445-BK is an all black N-type ABC solar panel with a capacity of 445 watt-peak. This double glass module features double 1.6 + 1.6mm or 2.0 + 2.0mm semi-tempered glass ...

Detailed profile including pictures, certification details and manufacturer PDF.

Specifications included in this datasheet are subject to change without notice. Version number: TSM\_EN\_2023\_PA1

Please see below for documents and specifications related to this product. 144 half-cell solar panel designed for large free-field and commercial rooftop photovoltaic systems, optimized for long-term ...
