Why is Burkina Faso requesting \$793 million for 2025?

The support boosted the effectiveness of humanitarian operations. For 2025, humanitarian partners are requesting \$793 million to support Burkina Faso's humanitarian response. Strict prioritization was applied to establish a feasible funding requirement, focusing solely on crisis-affected people with acute vulnerabilities.

How has Burkina Faso responded to a crisis?

Burkina Faso has devised several policy responses, including in cooperation with international partners. National response strategies, whose implementation will require support by Burkina Faso's partners, include the following:

What is Burkina Faso's Humanitarian Response Plan for 2025?

The Burkina Faso Government's Humanitarian Response Plan for 2025 targets 6 million people in need of humanitarian assistance, aligning closely with the humanitarian partners' needs analysis and response objectives for 2025.

How does funding affect Burkina Faso's response capacity?

Funding constraints significantly limit response capacity. As of 25 November, the Burkina Faso HRP is only 42 per cent funded, leaving approximately 66 per cent of targeted populations without assistance. Even those who received aid often saw less support, limited to certain sectors or reduced in quantity.
