Our booth attracted visitors from across the globe who were eager to explore Bluesun's latest innovations in solar energy storage systems, including high-efficiency 12V and 48V LiFePO4 ...

Many showed strong interest in integrating solar energy systems into their markets--whether for household electrification, agricultural cooling, or commercial energy projects.

We are honored to extend our warmest invitation for you to visit GSL ENERGY at Booth 14.3A04-05 during the prestigious 137th Canton Fair, taking place from April 15-19, 2025 at the ...

Looking ahead to the 138th Canton Fair in 2025, it's shaping up to be a pretty big deal for both local and global players interested in innovative energy storage solutions.

From April 15th to 19th, 2025, Felicitysolar are proudly participating in the 2025 Spring Canton Fair, one of the most significant international trade events.

As a global trade event, the Canton Fair brings together many industry elites and cutting-edge technologies, and ALLTOP will bring its top green energy storage products and technologies to ...

With its high-performance lithium iron phosphate battery systems, high-efficiency inverter solutions, and flexible, customizable energy storage configurations, Blue Carbon demonstrated its ...

This month, GODE successfully delivered a 3.3MW commercial and industrial storage project at Malaysia's largest dinosaur-themed park. The project integrated GODE's 215kWh battery ...

This edition of the Canton Fair further emphasised green development principles, highlighting new hydrogen energy themes within the new energy exhibition area while continuously ...

For energy storage providers, this event offers critical insights into the future of energy efficiency, solar power

Canton Fair Photovoltaic Energy Storage

with battery storage, and the global expansion of renewable energy systems.
