Sungrow, a China-based inverter manufacturer, will power Brazil's 902 MW (778 MW (AC)) Vista Alegre solar project in Minas Gerais with its 1+X Modular Inverter solutions.

Discover all relevant Solar Inverter Companies in Brazil, including Sungrow Brasil and SolarGrid

A Deye, a prestigious Chinese company specializing in the manufacturing of solar inverters, batteries and comfort solutions environmental, has decided to open its first international factory in Brazil.

For commercial and industrial (C& I) businesses, choosing the right inverter and battery solution is critical to maximizing ROI. Here's how to navigate Brazil's unique energy dynamics.

BYD photovoltaic inverter range: on-grid, hybrid and pro models up to 250 kW, with IP66 protection, remote monitoring and national warranty.

China General Nuclear Power Group (CGN) has brought its first self-built greenfield solar power project in Brazil to full capacity operation, marking a significant expansion of its clean energy...

This article deeply explores the current situation of Brazil's solar market, power shortages, inverter market needs and challenges, and future development trends.

During the Intersolar South America event in São Paulo, Sungrow has unveiled new inverters and storage systems while marking 25 GW orders and 10 GWh contracts.

Sungrow, the global leading inverter and energy storage system supplier, announced the Company supplied Comerc Renew, BU (business unit) of centralized renewable generation of ...

Chinese photovoltaic (PV) inverter and energy storage system provider Sungrow Power Supply Co Ltd (SHE:300274) has received an order to supply an inverter solution to renewable ...
