The advanced design of the FCX 270VDC power supply delivers precise regulation and high dynamic response Meets or exceeds the most stringent requirements for 270VDC power, including Lockheed ...

FCX offers 270 VDC for every application, and can meet the high dynamic response required by the F-35 and F-22. Monitor and protect your aircraft and other sensitive loads from transients and abnormal ...

These rugged inverters are extremely reliable, designed to provide many years of service in high shock, vibration, humidity, and EMI environments. Combining 3 inverters to form a 3 phase power system is ...

This operating voltage provides improved electrical efficiency, ...

For the past couple of days we've been suffering from the inverter (Sol-Ark 12K) dropping our power and I finally realized we're getting too high voltage supplied by the grid and the voltage ...

The VPTHVM-270 is an Isolated Regulated Bus Converter Module which allows VPT's DV and VPT Series 28V input DC-DC converters to operate from a nominal 270V DC input. A wide input voltage ...

GAIA Converter's 270Vdc Power Architectures are designed to meet the requirements of Avionics applications.

From precise voltage adjustments to safe, straightforward installation, this inverter simplifies what used to be complicated. Unlike cheaper alternatives, it maintains stable arc distance ...

SynQor's MINV-270 incorporates field proven high efficiency designs and rugged packaging technologies. This MINV-270 will accept a 270Vdc source as defined by MIL-STD-704 and change it ...

The GE Aviation Non-Linear Inverter, converts 270 VDC input power into regulated 115 VAC, 400 Hz, three-phase output and is capable of continuously providing 10,000 VA of output power to non-linear ...

High Voltage 270V Inverter

This operating voltage provides improved electrical efficiency, drives lower aircraft weight, improves aircraft safety/reliability and provides positive environmental impacts. 270VDC is accomplished by ...
