Customizable Solutions: We offer energy storage cabinets that can be customized in size, capacity, and features to meet specific project requirements, ensuring optimal integration and performance.

We can provide users with full-scenario lithium battery systems, and provide customized lithium battery solutions to high-end users. Click the link below to download technical documents

The Outdoor Cabinet Energy Storage System is a fully integrated solution that combines safe battery storage, intelligent power management, and weatherproof protection for solar and telecom applications.

Discover our high-efficiency, modular battery systems with zero capacity loss and rapid multi-cabinet response. Ideal for industrial, commercial, and emergency applications, our solutions offer remote ...

Our innovative modular design caters to diverse application needs, offering eco-friendly, high-yield solutions. Our mission: to green every watt of electricity generation and maximize every watt's value, ...

Applicable to remote mountainous areas, islands and other areas without grid coverage, as an independent microgrid to power communication base stations and emergency command centers.

These cabinets are ideal for outdoor base stations in remote, mountainous, or desert regions, especially where grid power is absent, unstable, or costly. They are also used for border security, relay towers, ...

Safety designs such as water and electricity separation, three-level fire protection + explosion venting + exhaust, liquid cooling + dehumidification design, all ensure the safety of the energy storage ...

An Outdoor Photovoltaic Energy Cabinet is a fully integrated, weatherproof power solution combining solar

High-temperature resistant solar energy storage cabinet for mountainous areas in iraq

generation, lithium battery storage, inverter, and EMS in a single cabinet.

The LZY solar battery storage cabinet is a tailor-made energy storage device for storing electricity generated through solar systems. They assure perfect energy management to continue power ...
