Should you buy a solar business franchise?

Vivint Solar is one of the options for those considering investing in a solar business franchise in the United States of America. Vivint Solar is a company that offers solar energy leases and loans, along with solar panel installation, design and permitting.

Are solar energy franchises white-collar?

There are many solar energy franchise opportunities that are white-collar in nature, meaning franchises are only responsible for bringing in the customers, then the corporate office takes it from there. As Arvo Solar states, "As the franchisor, Arvo Solar does all of the heavy lifting!"

Can a solar energy franchise be a sole proprietorship?

As a sole proprietor, the business owner has the ability to call his or her own shots and is not restricted by the need to follow the franchisor's operating procedures. However, a solar energy franchise offers many advantages over a typical sole proprietorship. Including:

How can I become a solar energy business owner?

To become a solar energy business owner with Solar Grids, you don't need any technical degrees, professional licenses, or a solar energy background. All it takes is ambition and determination. Why choose Solar Grids? You will receive a territory population of 500,000, which is larger than what competitors offer (200,000 - 250,000).

Let's explore what it takes to own a solar franchise, its profitability, the training involved, and consider some alternative franchises in the home improvement and energy sectors.
