The RTN 360 is Huawei's first full-outdoor V-band device that operates in 59-64 GHz frequency bands (license-free in most areas) and integrates the baseband unit, RF unit, and antenna into one chassis.

Huawei has launched the innovative DBS3900 for LTE, a distributed base station solution for outdoor application. It is compact, light, and easy to transport, and it also supports distributed installation.

Meets the requirements for efficient and reliable backhaul from 2G/3G/LTE/5G and 5.5G wireless base stations. Both common-band and E-band provide 10 Gbit/s transmission capacity per site. The single ...

Huawei has launched the innovative DBS3900 for LTE, a distributed base station solution for outdoor application. It is compact, light, and easy to transport, and it ...

This document provides instructions for installing Huawei wireless base station hardware. It begins with an overview of wireless network systems and the hardware structure of Huawei's BTS3900 and ...

HUAWEI RRUs are generally placed in outdoor environments, exposed to the elements, and designed to withstand extreme weather conditions, including rain, snow, temperature variations, heat, and ...

The DBS5900 can meet the needs of industry users for wireless broadband access and multimedia critical communication, and obtain better coverage and user experience. The DBS5900 adopts a ...

These multicarrier modules support both Huawei's GSM-R 5.0 and the company's enterprise LTE (eLTE). Use of this multi-radio-channel base station (and similar outdoor base station) maximizes ...

These multicarrier modules support both Huawei's GSM-R 5.0 and ...

View and Download Huawei BTS3 Series hardware description manual online. M900/M1800 Base Transceiver Station. BTS3 Series transceiver pdf manual download. Also for: Bts30, Bts312, ...

Huawei Wireless Outdoor Base Station

Huawei's base stations, such as the DBS5900 and DBS3900, are advanced wireless access devices designed to support various network technologies, including 4G LTE and 5G NR.

Reduced OPEX: Lower power consumption and simplified maintenance save operational costs. Power your network with the Huawei RRU3959. This 1800mhz outdoor blade-type AC/DC radio transceiver ...
