Meta Description: Discover how China's solar power generation manufacturing companies dominate global markets while navigating trade wars and tech innovation. Explore top ...

On December 14 last year, the World Economic Forum announced a new batch of "Lighthouse Factories," with the LONGi Jiaxing Base becoming the sole factory in the global ...

On December 5, the successful candidates for the procurement project of 120 MW and 45 MW fishing-photovoltaic complementary photovoltaic modules in Liuji Town, Tongshan District, China Electric ...

By leveraging digital tools to enable low-carbon production, deploying rooftop photovoltaic power stations, procuring green electricity certificates and carbon credits, and ...

Imagine fields of silicon panels dancing like sunflowers across the landscape - this is the reality at Liuji Solar Power Plant. As one of Asia's pioneering photovoltaic facilities, this solar farm demonstrates ...

Longi believes that accurate delivery of module power is of great significance to cost control. After the better allocation of each efficiency cell sheet in AI intelligence, the module power ...

Anhui Guzhen Liuji solar farm is an operating solar photovoltaic (PV) farm in Liuji Town, Guzhen, Bengbu, Anhui, China. Read more about Solar capacity ratings. The map below shows the ...

Photovoltaic Power Generation System on the rooftop of LONGi's Jiaxing Production Base

Founded in 2000, LONGi is committed to being the world's leading solar technology company, focusing on customer-driven value creation for full scenario energy transformation.
