10 December 2025 -- Today, the European Commission published the Grids Package, addressing critical bottlenecks in grid connections, permitting, and infrastructure planning. These issues have ...

Energy storage resources have become an increasingly important component of the energy mix as traditional fossil fuel baseload energy resources transition to renewable energy ...

The new policy will allow so-called "RED III Projects", that is renewable and co-located energy storage projects covered by Article 16 of RED III, to apply for a grid connection once a ...

A new expression is the whole phrase that begins with new. So what do you call just the "new" part of it? If it's wrong to call that the new operator, then we should not call "sizeof" the sizeof ...

By allowing storage to participate in balancing and ancillary services, the EU supports a flexible and integrated grid, a critical feature for renewable energy integration.

The Federal Energy Regulatory Commission approved a major new rule Thursday to accelerate the connection of energy projects to the power grid, a move that could ease widespread ...

Storage can transfer electricity generated during hours when renewable energy is plentiful to meet demand at other times of the day. Grid-scale storage specifically can also provide ...

Has anyone here ever used C++'s "placement new"? If so, what for? It looks to me like it would only be useful on memory-mapped hardware.

A graphical version manager where you would just add a tag for the new branch without dealing with what seems to me obscure and archaic syntax would be such a relief. My kingdom and ...

New Energy Storage Grid Connection Policy

Modern day visitors to this question should note that newer C++ standards define new methods of dynamic allocation that are more memory-safe than new and bare pointers. If this ...

The European Commission has also made the long-overdue move to introduce targeted permitting legislation for energy storage. This means that Europe will be able to connect battery ...

You probably tried to import a new input system package for multiple input devices compatibility. These type of errors are due to conflict between old and new input system packages ...
