Manufactured with top-grade cells, the battery provides an ...

Single REGO 400A battery with 5.12kWh storage capacity usable capacity. Save over 30% installation footprint than 4 pieces of 100A batteries. Advanced BMS, Ensure Unprecedented Reliability and Safety.

Replace four 12V 100A batteries with one REGO 12V 400A, unlocking 5.12kWh of storage, saving 30% on installation space, and eliminating 6 cables. Streamlined, powerful, efficient. Lighter weight, larger ...

The sophisticated battery management system (BMS) offers over 60 types of warnings and protections, enables precise cell balancing, and stores up to 150 event records.

Stop overloading your 4x4 pickup trucks with old-fashioned lead-acid batteries and AC generators, the new Renogy REGO 12.8V 104Ah Super Slim Lithium Iron Phosphate Battery frees up space so you ...

This super slim lithium iron phosphate battery combines cutting-edge technology with portability, ensuring you have power when and where you need it most. In contrast to traditional lead-acid ...

Manufactured with top-grade cells, the battery provides an exceptional lifespan of more than 3800 cycles. Extruded aluminum housing offers distinctive combinations of mechanical ...

The Rego battery features a lithium iron phosphate construction and comes with a capacity of 400Ah and a voltage of 12.8V. Designed specifically to handle high power demands, it can be used to power ...

Ultra-thin 2.4" solid state 12V LiFePO4 battery with 200A output, IP67 rated & low-temp charging. Ideal for tight overland setups. Order now at WestCoast OffRoaders!

Manufactured with top-grade cells, the battery provides an exceptional lifespan of more than 3800 cycles. Extruded aluminum housing offers distinctive combinations of mechanical properties, higher ...

Rego lithium phosphate battery

For the adventurous van lifers, off-grid RVers, and camper enthusiasts, the Renogy REGO 12V 400Ah Cold Weather LiFePO4 Battery is your ticket to uninterrupted power, whether you're chasing sunsets ...
