Residents and businesses that don't require specific certification can still get 100%, clean, renewable, carbon-free power through Community Power's Power100 product.

Compare Community Power service plans. Choose between PowerOn, Power100 or PowerBase to support clean energy and power your community.

For businesses who would like to choose 100% renewable energy, you have the opportunity to receive networking and co-branding opportunities through Community Power as a Power100 Champion.

View all monthly electricity generation and details for the 3 power plants operated by City of San Diego located in San Diego, CA.

For those seeking a more affordable service plan, PowerBase provides a 5% discount compared to SDG& E's electricity generation rates.

SDG& E isn't the only electricity provider in San Diego and Orange County. While we are responsible for the delivery of electricity and other services, there are other providers, known as Community Choice ...

SDG& E does not support the inappropriate use of this data that: (1) Puts the physical or cyber-security of the electric grid or gas pipelines at risk; (2) Violates customer privacy; (3) Compromises sensitive ...

To ask rate questions about your electric or gas service or questions regarding the simplified rate schedules above please call (800) 411-7343. Tariffs may not be waived, altered, or amended in any ...

This is accomplished by undergrounding overhead electric power lines, and replacing wood power poles with fire-resistant steel poles. Other steps we're taking to improve reliability include more inspections ...
