What is the best solar generator for off-grid living?

The best solar generator for off-grid living is the Bluetti EP500Pro. Its 5,100Wh LiFePO4 battery has the longest cycle life of any portable power station (6,000+cycles to 80% capacity) and it has the highest solar input currently available (2,400W max).

What is the best solar power generator for camping?

Say you need a solar power generator for a few days of camping, over the course of which you're hoping to power a few small devices, a string of lights, and maybe even a small electric cooler--the Anker Solix C800 Plus is the perfect little unit. About the size of a shoebox and just 24 pounds, it's as portable and compact as can be.

How much does a sidekick solar generator weigh?

The Sidekick portable solar generator weighs just 8 lbs, the Patriot Power 1200 portable power station is only 28 lbs, and even the high-capacity Patriot Power 2500X solar generator tips the scale at a carry-friendly 65 lbs, all with built-in grab handles for fast grab-and-go use.

What makes a good solar generator?

Solar generators need to keep the power coming in and going out. The best solar generators can simultaneously charge all your intended devices via whatever plugs are necessary. Any portable power station worth your money will have a high output capacity so you can charge many devices, even if they require a lot of juice.

Our portable solar-powered generators & solar panels deliver reliable off-grid power. No fuel & no fumes. Perfect for outdoor adventures & emergencies!
