-----  
How much does solar panel maintenance cost?

On average, solar panel maintenance costs \$520, with most projects averaging between \$390 and \$720 per year. Costs may be calculated per panel, per cleaning, or annually, depending on system size and service needs. Regular upkeep ensures your solar system operates at peak efficiency, which helps you get the most out of your energy savings.

How much does solar panel maintenance cost in 2025?

The average cost of solar panel maintenance is \$570 annually, but the cost typically varies from \$400 to \$740. Most solar panels feature smart technology with automatic monitoring to alert you of low efficiency and repair needs, but this doesn't mean you get to sit back entirely.

How much does a solar panel inspection cost?

The average cost of a solar panel inspection ranges from \$150 to \$350 when not included in your installation service contract. The cost depends primarily on your location and your solar system's size and accessibility. Regular inspections are essential to identify potential issues and prevent more costly repairs down the road.

How much does solar panel cleaning cost?

A typical residential solar panel system has 15 to 25 panels. Some solar panel installation contracts include annual inspections and cleaning. Professional solar panel cleaning costs \$150 to \$500 total or \$10 to \$20 per panel on average, depending on the job size, complexity, cleaning method, and if the service includes an inspection.
