The Base Station Energy Cabinet is a fully enclosed, weather-resistant telecom energy cabinet designed to provide reliable power distribution and battery backup for outdoor communication networks.

The cabinet is rated IP54 (Waterproof & Dustproof) and uses C3 anti-corrosion coating. It is designed to operate reliably in harsh environments from -20°C to 55°C.

Our 50KW/100KWH outdoor cabinet energy storage system, with its excellent performance and thoughtful design, is the ideal choice for outdoor energy storage applications.

Outdoor cabinets from HuiJue are engineered to maintain internal stability even under rapidly changing external temperatures, direct solar radiation, or high humidity.

Supplier of 100kW IP54 outdoor cabinet for base stations
