Montenegro has set a ceiling price of EUR65 (\$76.11)/MWh for its first solar auction, which will offer 12-year contracts for difference (CfD) for up to 250 MW of capacity.

EPCG, a utility and DNO in the Southeast European country of Montenegro, is looking to add 300MWh of BESS to its grid.

EPCG, Montenegro's state utility, aims to procure two grid-scale battery storage systems (BESS) totaling 240 MWh in a EUR48 million (\$55.9 million) tender.

The new tender envisages the procurement of a battery between 100 kW and 130 kW, with 200 kWh to 260 kWh in capacity. This is a pilot project, and the procurement is valued at EUR ...

Montenegro utility launches 240 MWh battery storage tender EPCG, Montenegro's state utility, aims to procure two grid-scale battery storage systems (BESS) totaling 240 MWh in a EUR48 million (\$55.9 ...

The utility is procuring two grid-scale battery storage systems to the tune of EUR 48 million (\$55.9 million). EPCG, Montenegro's largest electricity provider, is investing in two four-hour ...

The company sees the installation of BESS units within 10/0.4 kV substations as the solution for these challenges. These batteries would be charged during the hours when photovoltaic ...

Each battery energy storage systems (BESS) will have a power output of 30 MW and a storage capacity of 120 MWh, designed for operation at an output voltage of 35 kV. The batteries will ...

EPCG, Montenegro's largest electricity provider, is investing in two four-hour BESS to strengthen grid resilience and balance supply and demand. Each system will have a power output of ...

## What is the price of the Montenegro Telecom BESS power station

Montenegro's state-owned power utility, EPCG, has canceled its EUR58 million tender for a 50 MW/200 MWh battery energy storage system (BESS) due to the absence of bids.
